A huge thank you to all the pupils, parents and families for such a positive start to the school year last week.

It was great to see so many children in school, on time and enjoying learning.

It was also fantastic to see so many children looking really smart in their school uniforms. Please make sure your child has their PE kit in school on the correct day. Last week was a fantastic start to our new PE lessons with specialist PE teachers from Macmillan Academy.

Advice to all Parents Warn and Inform

We have been advised that **if** there has been a confirmed case of COVID-19 within the school. NHS test and trace will be in contact with individuals who have been identified as a close contact to provide further advice about the need for them to go for a PCR test if required.

The school will remain open and your child should continue to attend as normal if they remain well. We have all the necessary precautions in place to reduce any risk of cross infection in school. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

How to stop coronavirus (COVID-19) spreading

There are things you can all do to help reduce the risk of you and anyone you live with getting ill with coronavirus (COVID-19):

- get vaccinated – everyone aged 16 and over can book COVID-19 vaccination appointments now
- wash your hands with soap and water or use hand sanitiser regularly throughout the day
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards
- meet people outside and avoid crowded areas
- open doors and windows to let in fresh air if meeting people inside
- wear a face covering when it's hard to stay away from other people – particularly indoors or in crowded places

Foundation

MFC Foundation Dads and Daughters

Foundation

We are delighted to once again be able to work in partnership with MFC Foundation. MFC Foundation run a program called Dads and Daughters, which is an English Football League (EFL) program. It is a half-education and half-practical 11 week project with the aim of increasing the relationship between father and daughter. The Dads and Daughters program aims to increase physical activity levels, sports skills and the social-emotional well-being of girls aged 5-11 years by improving the girl's physical confidence and competence, challenging stereotypes about playing sport and physical activity and increase father's confidence and ability to act as role models in relation to their daughter's participation.

Through education and physical activity, it aims to:

- Encourage fathers/father figures to play a greater role in supporting their daughters to develop physical confidence and competence.
- Challenge gender stereotypes by teaching parenting strategies to encourage gender equity and empowering girls
- Teach social and emotional skills to help overcome barriers to being physically active
- Give fathers/father figures confidence to become role models
- Support girls/families to design physical activity sessions at home and become physical activity advocates to motivate their families to become more active

The 'Dad's and Daughters' programme is open to any father/father figures and their daughters. There will be a complimentary MFC Foundation After School Club running at the same time for any brothers who are unable to participate in 'Dads and Daughters'. If you are interested please reserve your places at the school office. The session will run after school on a Wednesday.
